Investment Haven

Located in East Bangalore, the Krishnarajapuram Lake is only a 15 minute drive from the posh residential area of Indiranagar and located on main Old Madras Road (OMR) Highway. Real estate along this road is today a hot destination for prime real estate developments. Leading names in the real estate sector are developing premium projects at a grand scale. Celesta's location has significant investment value, as this area is expected to be the "NEW Posh" Bangalore .

On the IT Corridor

The location has the best of all worlds in terms of infrastructure. Most importantly, Bangalore's premier Tech Companies and International schools have set up base here. Far from the crowds and still close to it, this is an ideal location for those looking for a double advantage - Peace as well as being close to where it matters.

Upcoming Infrastructure

There are a number of development plans by the government unfolding here- topmost being the upcoming Metro.

Krishnarajapuram (Vengayyana lake) used to irrigate thousands of acres a few decades ago. It is even today the migratory route for rare birds. Wildlife enthusiasts wait eagerly to watch the arrival of rare birds. On weekends, families enjoy boating here.
